
New upgrades

Posted by admin - 2007/11/06 20:24

Hi all,

Our site and forum upgrade has been completed.

You can see a more integrated (and neater) forum with the main site.

One unfortunate thing during the migrated is that your previous avatars are no longer there. So you will need to upload them again.

Do check out the "members" section too as you can now update your profile, setup connections with your friends, and invite them to join this site.

Have fun and if you have any feedback, do let us know.

Thanks Horvat!

Now, if everyone starts using the Arsenal logo as their Avatar, all of us are going to get confused. :P

Hi ARS,

Hi Horvat,

Right at the top, there's a link "Show latest post".

The word (1 NEW!) will also appear to the right of the category name if there are any new posts.
