The Blues missed out on the Premier League title despite pushing United to the very last day of the season. Manure claimed their 10th crown with a win over Wigan at the JJB Stadium, while Avram Grant's side slipped to a 1-1 draw against Bolton at Stamford Bridge.

A loss in Moscow would resign Chelsea to their first trophyless season since 2004.

But Adebayor believes the Blues will triumph at the Luzhniki Stadium on Wednesday, insisting they are desperate to reap vengeance upon the Red Devils.

He said: "After speaking with my friends at Chelsea, they have one thing in mind — revenge. When a team is driven by revenge it is hard to beat."
