## ARE WE THE TEAM TO BE AFRAID OF NEXT SEASON?

Guys, last season critics wrote us off in challenging the title. Some even say, our team could not even match liverpool but we gave a surprise lead over manU at one glory time before injuries lead us to third spot. The answer for that glory time leading over manU is keeping our 1st team players injury free which is hard to do. But now, with a barely enough fit squad for 1st team players, "Are we the team to be afraid of next season?" yes or no? ( I still say yes..coz we own a fast attacking style)

nobody will be afraid of us. But it is up to the kids to show that we can make a run for the title! and maybe, just maybe, if we have some luck with injuries and referees' decision, we will have a chance to win the title!

One thing sucks is last season we dont have good referees decision on our side too. fergie just loves to manipulate referees and for me, fergie's just a sore loser behind the premier league trophy.

its a art to manipulate the ref.....

anyway, we need a DM and a CB URGENTLY. if we dont get them, no one will be afraid of us... nobody..... and that is sad because we are the invincibles! a few years ago...

there's a chance wenger could buy DM but he still think we don't need CB and that's real bad. Our chances for the title looks very questionable and slim with a barely fit squad.

Now we need players for ALL positions...including GK,CB, DM, CF... I'm interesting how Wenger would solve for goalkeeper problem...

I would love to see wenger can agreed to purchase players in the positions you stated, but how confidence are you that wenger would go for all the mentioned positions?

I think Wenger believes Diaby and Denilson can fill Flamini and Gilberto's place...

We need a DM, CB and a goalkeeper. If Almunia is injured, who is our backup keeper? The kid Fabianski??

If Toure or Gallas is injured or suspended, who is our backup? Senderos = disaster assured...

Who is going to be first choice DM? we have none. Dont tell me Song or Denilson or Diaby. They are not there yet. Wenger will be tempted to play Rosicky is he comes back in time, but he and Fabregas will be too lightweight for a modern day midfield pair.

We need to buy.. 4 and 1/2 weeks left.....

Wenger will stick Diaby at DM or Denilson.Samir will fill in Helb's position.Toure & Gallas injured then senderos & Song will be there.

That's wenger gameplan.A russian roulette game plan.
