There we go. A easy start that we should exploit.

Score a 5-0 win and lead the table and hope Newcastle, Portsmouth and Sunderland slow down the other 3.

A good game to start.A first game to see the new signings skills and teamwork.We should have no trouble killing the game off in the 1st.half.

It is very important to get off to a flying start for confidence and momentum.

Lets hope the other 3 will be slowed down in one way or another.
