## Yaya Touré, Mario Gomez and Hatem Ben Arfa linked to Arsenal

Would you be happy if these three players will be signed?!! If not Which three players would you like to see at Arsenal next Season?!!

I personally can't make my mind up yet...

Franck Ribery, David Silva, Hatem Ben Arfa, Niko Kranjcar are all talented and good players to give Arsenal more creativity in midfield... To cover for Flamini I don't know if we should rely on Alexandre Song, Denilson and Diaby to fill the gapp... Maybe we hould buy Yaya Touré... My personal favourite is Miguel Veloso though he is more versatile than Kolo's brother...

And in attack I still don't believe that Nicklas Bendtner is good enough for Arsenal, but Walcott should defintly play more as an attacker next season. I hope Adebayor can improve even more next season and score more important goals... Otherwise we should sign Benzema in 2009/2010

Hmmmm. Well if Hleb goes Ben Arfa would be a good addition to the team, he fits in well with the club set up but i'm aching for someone with more experience and star cred.

Ben Zema would fit the bill perfect, and Walcott and van perise can fill in Hleb's shoes (or Eboue).

In midfield i agree that Denilson and Song are not ripe enough yet. Yaya Toure would be good for obvious reasons and it could be possible since theres bound to be some major shake ups there.

I think even if Hleb stays we should add one attacking midfielder. Rosicky is injury prone and the season is very long. I don't think Eboué can become a winger or midfielder. Eboué is a defender, we need skillfull, silky technique in midfield. I think if you want a star than it should be Ribery! But Ben Arfa or maybe even the 18 year old Miralem Pjanic would be more likely a target for Arsene Wenger...

If i have to choose 3 players, i probably will take Yaya, Ben Arfa and Mario Gomez. According to internet gossip, there are hot reports that we are close to signing Mario Gomez.

Mouhsin013 is right. Does not matter if Hleb stays or go, we need a stronger second option. Eboue should be a backup to the full back position. He is no midfielder.

Dont forget, we have our own Mexican star, Carlos Vela coming back next season.

Go Gunners!

yes Kranjcar is very good player and very similar to Hleb. If Hleb will go we should buy him.

yes..he's way better than Hleb..He's more direct and physically stronger when going up front to try to score.He can release a powerful freekick too.Hleb's strategy was always try to drag the ball into penalty box or keep the ball way too long.most english defenders have read his play too well now..And now helb says london is too noisy for him!!!and that's the reason he's leaving..!!! i say to Hleb..please go away and maybe go to forest where there's no noise...

There's something special about Hleb and I think he should stay but maybe Niko would be better... check out these vids!
